

**ANDREW WILLIAMS,**  
CEO - Huron Perth  
Healthcare Alliance

"We have applied the Juice concepts in very real and very difficult situations,

with extremely positive results. By partnering with Juice, we have been able to identify a number of tangible ways we can improve the organization and make it a better place to work and volunteer."

**SHIRLEE SHARKEY, CEO**  
Saint Elizabeth Healthcare

"The Juice Check is a simple yet powerful tool that everyone can understand and use, from our front-line staff to senior management. There is tremendous value from a strategy and planning perspective, because your answers to engagement issues can be found right in the questions."

**BARBARA PALMER, VP HR**  
Botsford Hospital

"Juice knows how to work with executive teams. Their perspective into the complex world of healthcare and employee retention has been helpful. The work they've done with our executive and management teams helped galvanize our employee engagement strategy into something that is actionable, and it will certainly give us an edge in retaining and attracting talent."

## EMPLOYEE ENGAGEMENT SOLUTIONS DESIGNED SPECIFICALLY FOR HEALTHCARE

**Juice Inc.** is an organization dedicated to helping the healthcare community create highly energized work environments – environments where employee engagement is optimized and potential is released.

Through the effective management of employee engagement strategies your organization can attain:

- Operational Excellence
- Exemplary Patient Care
- Collaborative Team Effort
- Employee Loyalty
- Integration & Coordination

With proven expertise in the healthcare field, we offer the tools necessary for healthcare organizations to navigate through tough issues and achieve positive outcomes, despite cost constraints, heavy workloads and competing priorities.

Our approach is simple: we utilize **the power of conversation** to cultivate trust, respect, commitment and collaboration. The results are profound, as evidenced by our clients, including Huron Perth Healthcare Alliance, Botsford Hospital and Saint Elizabeth Healthcare.

Through a blend of workshops, coaching and expert facilitation of team discussions, we work with senior leadership, healthcare workers, managers and medical staff to:

- **Focus** on behaviours that drive better decisions
- **Increase** personal energy levels
- **Reduce** stress and friction
- **Elicit** higher levels of accountability
- **Enhance** communication skills
- **Improve** engagement and retention scores

To learn more about how we can partner with you to engage and energize your workplace, we invite you to:

- ✓ **TAKE THE PULSE** of the energy level in your organization by completing the **Juice Check Employee Engagement Survey** [www.juicecheck.com](http://www.juicecheck.com)
- ✓ **ENGAGE IN CONVERSATION** with us to debrief the results of the Juice Check and explore meaningful momentum building strategies.
